

**CH2723**

**SPECIFICATIONS**

|                             |                               |
|-----------------------------|-------------------------------|
| Shape:                      | Rectangular                   |
| Cavities:                   | 9                             |
| Max. Operating Temperature: | +85 °C                        |
| Min. Operating Temperature: | -40 °C                        |
| Voltage Rating:             | 70 A at 12V DC, 35A at 24V DC |
