

# Product Overview

→ Worry-free product about corrosion. Even it is used in air/water, corrosion is prevented.

→ Ideal box for electric assemble parts or bodies of electric devices that are sensitive under the commercial/industrial environment conditions.

→ Gasket Discharging is treated to prevent from penetration of dust or moisture.

→ This Box has passed the Capacity Approval of stable explosion proof Electric Mechanism enforced by Korea Gas Safety Corporation.

Passed IP-66~67, IK-08

## Specifications

**Product Category** NEMA and IP Enclosures

### Ingress Protection (IP) Type

Ingress Protection(IP) Rating  
Against Foreign Objects 6

Ingress Protection(IP)  
Rating Against Moisture 6; 7

**Length** 2.56 inch (65 mm)

**Width** 2.36 inch (60 mm)

**Depth** 1.38 inch (35 mm)

**Shape** Rectangular

**Material** Aluminum

**Mounting Type** Wall Mount

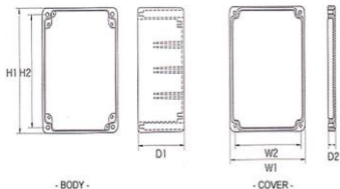

**Features** Screw-on Cover; Explosion Proof

## Products

---

- Die cast in aluminum alloy and resistant to atmospheric and marine corrosion.
- These enclosures are ideal for housing sensitive electronic assemblies and electrical devices in both commercial and industrial environments.
- Gasketed with foam installing machine for preventing ingress of moisture and dust.

[Allowable error : 0.1mm]
